

IMPACT MISSION REPORT

Limpopo Province, South Africa

Hello,

On behalf of our trustees and leadership, I would like to extend our sincere gratitude to you. At STG, we are excited and thankful for your generous support towards our mission work in Limpopo Province, South Africa.

At STG, we recognise the commitment of our partners and well-wishers as pivotal to our activities. Your support enables us to serve, and for this, we are truly grateful.

Our mission to Limpopo Province was a great blessing, and we are thankful that we were obedient to the call and went.

Permit me once again to say thank you for your support of our work.

We have designed this brochure to give you an update on the mission. I hope this brief booklet serves its intended purpose to let you know what we did and how impactful it was.

Yours sincerely,
Edward Agyeman
Global Lead

In Limpopo Province, we had the privilege of being warmly welcomed by two churches. These churches graciously received us and are located as follows:

Revealing Christ Champions Church located at Elim Mpheni

Revelation Christian Church located at Mulima Pfananani

UNITED TO CHANGE

United to Change is our humanitarian programme designed to improve and uplift the standard of living for the needy.

Revelation Christian Church supports several underprivileged families.

In partnership with them, we purchased food items for **7 families and 1 elderly lady** who lives alone, as part of our efforts to support the local church's charitable work.

A LIFE MATTERS

We held a small meeting over lunch to engage with some young people in meaningful discussions on pertinent issues, drawing biblical conclusions. The session created space for open dialogue, and a few thoughtful questions were asked, which we explored through the lens of God's Word.

EMPOW ERMENT

We also had the opportunity to fellowship with young people at **Revealing Christ Champions Church** in Elim Mpheni.

The attendees were blessed by the teaching and preaching of God's Word. By His grace, God ministered powerfully to the youth through His Word.

Two of our team members ministered alongside our Global Lead during this session.

OUR NEXT STOP

Our next stop was at **Revelation Christian Church** in Mulima Pfananani. The team spent two days here, ministering to the congregation by the grace of God.

The church was blessed and has requested that our team return. It was a remarkable time at Revelation Christian Church. The ministry of God's Word was a blessing to everyone present.

As a ministry, we are grateful for the lives of our volunteers and team members who were used by God to touch others.

TESTIMONIAL

I had the pleasure of hosting STG in Limpopo where we went to two different churches and also had a small get together with some of the older youth and what a blessing it was. All the sessions we spent with the team was uplifting and encouraging and we truly thank God for their lives and what He is doing with them. I truly believe that they came at the right time and what they shared is what the youth of Limpopo needed to hear at this point in their lives. There is not much we can say to the team but just may God bless you abundantly for being a blessing and whatever you might have lost or sacrificed with regards to this trip may He replenish it for our sake.
